Transmittal of Map

1. Attached herewith is a map showing SLAM areas in Laos, particularly SLAM VI which I discussed at this morning's meeting.

25X1 2. As I indicated, a SLAM area is a targetted area of real estate contiguous to the South Vietnamese border in Laos, in which MACSOG ground teams are employed as are B-52 aircraft and tactical aircraft in actions designed to reduce and impeded Communist infiltration and logistical activity on the so-called Ho Chi Minh and Sihanouk trails. There is a proposal in the mill, as you are aware, to provide for the future commitment of larger ground Task Force elements in these SLAM areas.
